This Management's Discussion and Analysis ("MD&A") has been prepared with an effective date of May 1, 2023, and provides an update on matters discussed in, and should be read in conjunction with the Company's audited consolidated financial statements for the year ended, including the notes thereto, as at and for year ended December 31, 2022 (the "2022 Audited Financial Statements"), which have been prepared using International Financial Reporting Standards ("IFRS"), available under the Company's profile at www.sedar.com. This MD&A contains forward looking statements that are based on certain estimates and assumptions and involve risks and uncertainties. Actual results may vary materially from management's expectations. See the "Caution Concerning Forward Looking Statements" section in this MD&A.

In this MD&A, reference is made to adjusted EBITDA, which is not a measure of financial performance under IFRS. For purposes of the MD&A, the Company calculates each as follows:

"Adjusted EBITDA" is equal to net income (loss) from continuing operations before interest, taxes and amortization, share-based compensation, and payments, research and development expenses, acquisition costs, realized loss on sale of digital currencies, loss on revaluation of derivative liabilities, foreign exchange income, interest earned on investments, and unrealized loss on investments. Management believes this measure provides useful information as it is a commonly used measure in the capital markets and as it is a close proxy for repeatable cash generated by (used for) operations.

These measures are not necessarily comparable to similarly titled measures used by other companies.

The Company is a multinational technology company that operates Spetz, a global online, Al-powered marketplace platform that dynamically connects consumers to nearby top-rated service providers in around 30 seconds. Spetz operates already in the United Kingdom, Australia and Israel. History of Spetz

The Spetz App was officially launched by Spetz Target in Israel in 2018, and was subsequently launched in the United Kingdom in 2020 and Australia in 2021. Total revenue generated from the Spetz App has expanded from US\$648,000 in 2018 to US\$2.9 million in 2021. The Spetz App's technology platform was developed over 10 years prior to its official launch in 2018. Prior to the Transaction, Spetz Target had raised funding of more than US\$5 million from founders, private investors, and over 1,600 crowdfunding investors.

During its decade of development, Spetz Target created multiple Beta models of both SaaS platforms, as well as: (i) an integrated multi-currency billing and payment system; (ii) a communication platform that allows service providers and consumers to communicate seamlessly and nearly immediately after a consumer call; (iii) a customized unique service provider rating system, which allows the platform to operate while integrating "Crowd Wisdom" into its algorithm; and (iv) an ability to handle millions of records on a real-time basis around the world.

Goodwill recognized on the acquisition of Spetz represents the excess purchase price paid by the Company over the fair value of net tangible and intangible assts identified. Goodwill is primarily related to the opportunities to grow the Company's AI strategy and the synergies from the acquisition of Spetz. Further, the Company obtains access to Spetz ongoing operations in Israel, Australia and United Kingdom.

The Company expensed \$253,000 in connection with the acquisition of Spetz, which represents \$160,000 in legal and accounting costs and \$93,000 representing the fair value of the 4,000,000 shares issued as a finder's fee.

Subsequent to the completion of the acquisition of Spetz, the Company announced it would continue to right size the Company's operations and the creation of a new business plan that will allow the Company to focus its efforts on continuing to grow revenue and margins exclusively in the Spetz business of home and family services on a global basis.

As a result of this business decision, the Company has classified the assets, liabilities and operating costs of Digimax former business related to its Cryptohawk.ai application and related services as assets held for sale, liabilities held for sale and discontinued operations. Below represents the losses associated with the discontinued Digimax operations:

OUTLOOK AND PLANS

The Company has transitioned away from its AI solutions such as Cryptohawk.ai and Coindrop.pro-solutions and evolved into focusing all of the Company's resources and creation of a new business plan that will allow the Company to focus its efforts on continuing to grow revenue and margins exclusively in the Spetz business of home and family services on a global basis.

As the Spetz division is not currently cashflow independent and therefore not considered cash generating units and as such the Company continues to report them as one operating segment.

ACCOUNTING POLICIES, CRITICAL JUDGMENTS AND ESTIMATES

The preparation of the Company's 2022 Audited Financial Statements in conformity with IFRS, requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and other items in net earnings or loss, and the related disclosure of contingent assets and liabilities, if any. Critical judgments and estimates represent estimates made by management that are, by their very nature, uncertain. The Company evaluates its estimates on an ongoing basis. Such estimates are based on historical experience and on various other assumptions that the Company believes are reasonable under the circumstances, and these estimates form the basis for making judgments about the carrying values of assets and liabilities and the reported amounts of revenues and other items in net earnings or loss that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Summaries of the significant accounting policies applied, and significant judgments, estimates and assumptions made by management in the preparation of its financial statements are provided in Notes 2 and 3 to the 2022 Audited Financial Statements.
